

Shefford Lower School

Curriculum Overview Year 1 Autumn Term 1

Reminders and Events

Welcome to Year 1! We are extremely excited for the year ahead with your wonderful children! We are looking forward to see the children's curiosity continue to grow into Year 1 and seeing them explore, investigate and engage with the curriculum.

Termly Texts

English

In English, we will be reading a range of texts including; The Colour Monster, Elmer and Peace at Last. These familiar texts will help us learn how to write sentences, including using capital letters and full stops. We will also be exploring describing words and looking at exciting adjectives.

Maths

In Maths, we will be focusing on place value, addition and subtraction. We will be using our number knowledge from Reception to help us solve problems up to 20 and look at number bonds to 10 and 20 and use equipment and representations to explore.

Science

In Science, we will be learning about the human body and will explore the five senses—sight, hearing, touch, taste and smell. We will identify and name basic body parts and investigate how we use our senses to understand the world around us.

History/Geography

In History, we will be learning about transport through time. We will explore how different types of transport have changed, from horse-drawn carriages to cars, trains and planes. In Geography, we will be learning to identify human and physical features in our local environment and beyond.

Year 1

Religious Education/PSHE

In R.E. we will be learning about places of worship from different religions. We will explore what makes these places special, how people use them, and the important symbols and objects found inside them. In PSHE, we will be learning about how to celebrate differences and treat others with kindness and respect. We will also learn the PANTS rule to help us understand how to stay safe and know what to do if something doesn't feel right

Art/D.T

In Art, we will be exploring different materials and techniques to create a colourful hot air balloon collage. We will learn how to layer and combine textures, shapes and colours to produce our own imaginative artwork.

Music

In Music, we will be learning about rhythm and beat through singing, movement and playing instruments. We will use chime bars to explore simple patterns and create our own rhythms.

Computing

In Computing, we will focus on E-safety during the first term. We will learn about the dangers of sharing information online and how to keep ourselves safe by knowing when and how to ask for help.
